

BEFORE  
THE PUBLIC SERVICE COMMISSION OF  
SOUTH CAROLINA  
DOCKET NO. 2011-491-T, ORDER NO. 2012-\_\_\_\_  
FEBRUARY \_\_, 2012

IN RE:     Application of Thompson & Webster, LLC,     )     ORDER AMENDING  
             d/b/a Two Men and a Truck of Augusta to     )     RATES AND CHARGES  
             Amend its Schedule of Charges                     )

This matter comes before the Public Service Commission of South Carolina (the Commission) on the Application, filed December 1, 2011, by Thompson & Webster, LLC, d/b/a Two Men and a Truck of Augusta ("Thompson & Webster" or the "Company") for amendments to the Company's current schedule of charges. Thompson & Webster requests approval to modify the Company's current hourly rates for household goods moves, and add rates for certain items. The Company presently holds a Class E Certificate of Public Convenience and Necessity to transport household goods in certain South Carolina counties pursuant to the authority granted by this Commission.

Upon receipt of Thompson & Webster's Application, the Commission's Clerk's Office instructed the Company to publish, one time, a Notice of Filing in newspapers of general circulation in the areas of the state affected by the Application. The purpose of the Notice of Filing was to inform interested parties of the Application of Thompson & Webster and of the manner and time in which to file the appropriate pleadings for participation in the proceeding. The Company complied with this instruction and provided the Commission with proofs of publication of the Notice of Filing. No protests or Petitions to Intervene were received.

The South Carolina Office of Regulatory Staff (ORS) completed a review of the proposed amended tariff of the Company and submitted its findings to the Commission on January 24, 2012. Based on the current tariff and the actual financial results provided to ORS by the Company for the year ended December 31, 2010, ORS advises that it calculated a coverage ratio of 93.46 percent after adjustments on regulated revenue and operating expenses. From the data examined for the twelve-month period, ORS states that the proposed tariff increase of Thompson & Webster would result in a coverage ratio of 81.35 percent and additional revenue of \$25,844.00 for the twelve months studied.

Having considered the Application and the results of the ORS study, we conclude that the amendments proposed by Thompson & Webster are just and reasonable for its customers and for the Company. Accordingly, the Application of Thompson & Webster d/b/a Two Men and a Truck of Augusta for amendments to the Company's current tariff is approved as filed. The approved rates are contained in the Company's amended tariff and hereby attached as an Appendix to this Order.

This Order shall remain in full force and effect until further order of the Commission.

BY ORDER OF THE COMMISSION:

---

John E. Howard, Chairman
